OF EMERGENCY SERVICES

SITUATION SUMMARY

Water Main Break, Westwood, Los Angeles County (New)

At approximately 1530 hours, July 29, 2014 a water main break occurred directly next to Marymount High School on Sunset Blvd. Sunset Blvd. has been closed. The flooding has penetrated in and around UCLA campus. LAPD, LAFD and DWP are all responding to the scene and initial reports indicate that LA County Fire is also en route to assist. Los Angeles County OEM duty officer has been in contact with the LA City EMD duty officer. EMD is aware of the incident and is working with first responders to help coordinate emergency management support. LA County OEM has been notified that LA city has activated its EOC to a level 1 to monitor the water line break at UCLA. LA City EMD is coordinating with the Los Angeles Department of Water and Power, L.A.F.D., L.A.P.D., Department of Transportation and U.C.L.A. Emergency Management. The Department of Water and Power is estimating that it will take 1-2 hours to do a safe shut down of a 30" water main. Sunset Blvd. is closed from Veteran and Beverly Glen until further notice. The UCLA Medical Center is open and continues to receive patients. Two parking structures at UCLA have been flooded and L.A.F.D. is conducting a sweep of the area looking for stranded individuals. L.A.F.D. has established a Command Post at Sunset and Westwood Plaza.

UCLA has activated their EOC to a mid-staffing level according to their EOC liaison. They have also informed us that they have requested water pumps from LA City and Disaster Management Area A cities (cities that surround the UCLA campus).

There are currently no requests for assistance or unmet needs.

**Water Main Break,
LA County**

SITUATION SUMMARY

Sand Incident, Vegetation Fire, Amador / El Dorado Counties (Update)

East of Hwy 49, Amador / El Dorado County Line, 5 miles north of Plymouth
Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 07/29/14 at 1730 hours:
SRA

- 4,240 acres, 85% contained
- Threatened Structures: 500 Single Residences, 15 Mixed Commercial / Residential
- Destroyed Structures: 19 Single Residences, 47 Other Minor Structures
- [See Fire Activity Section for detailed information.](#)

El Portal Incident, Vegetation Fire, Mariposa County (Update)

Near Highway 140 and the Community of El Portal, Yosemite National Park
Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 07/29/14 at 1745 hours:
FRA

- 3,545 acres, 34% contained
- Threatened Structures: 50 Single Residences, 4 Nonresidential Commercial Property, 30 Other Minor Structures
- Destroyed Structures: 1 Single Residence
- [Damaged Structures: 2 Single Residence](#)
- Total Personnel – 864
- [See Fire Activity Section for detailed information.](#)

SITUATION SUMMARY

Dark Hole Incident, Vegetation Fire, Mariposa County (Update)

Four (4) miles north of Yosemite Valley, South of Tioga Road

Per CALFIRE, Cal OES Duty Officers, and ICS-209 as of 07/29/14 at 1815 hours:

FRA

- 647 acres, 5% contained
- Slow rate of spread
- Yosemite Creek Trail and Yosemite Creek Campground are closed
- Type 1 IMT 5 assigned

French Incident, Vegetation Fire, Madera County (Update)

Rock Creek Campground – Madera County

Per Cal FIRE as of 07/29/14 at 1700 hours:

FRA

Start Date/Time: 07/28/14 at 0545 hours

- 2000 acres, 0% contained
- Critical rate of spread
- Threatened Structures: 28 Single Residences, 1 Nonresidential Commercial Property, 5 Other Minor Structures
- Type 2 IMT(Cooper) team has assumed management of the incident
- Evacuations of Rock Creek and Fish Creek Campgrounds

Web Incident, Vegetation Fire, Butte County (Update)

Web Hollow, West of Hwy 32, 6 miles north of Forest Ranch, Butte County

Per ICS-209 as of 07/29/14 at 1830 hours:

SRA

Start Date/Time: 07/28/14 at 1311 hours

- 325 acres timber and logging slash, 35% contained
- Short range spotting, head of fire stopped, shoulders still active

SITUATION SUMMARY

Significant Weather

- **Red Flag Warning** in effect from 1400 hours to 2300 hours today for portions of Modoc and Siskiyou Counties.
- **Fire Weather Watch** in effect from Wednesday afternoon through Wednesday evening for portions of Modoc and Siskiyou Counties.
- **Flash Flood Watch** is in effect from Wednesday afternoon through Wednesday evening for Mono County.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- [Weekly Drought Brief Attached](#)
- [Shasta and Modoc Counties have submitted a Continuation of Local Proclamation due to drought conditions. There are no new request.](#)

SITUATION SUMMARY

CDC Ebola Health Advisory (New / Final)

Nigerian health authorities have confirmed a diagnosis of Ebola Virus Disease (EVD) in a patient who died on Friday in a hospital in Lagos, Nigeria, after traveling from Liberia on July 20, 2014. The report marks the first Ebola case in Nigeria linked to the current outbreak in the West African countries of Guinea, Sierra Leone, and Liberia. Health authorities also reported this weekend that two U.S. citizens working in a hospital in Monrovia, Liberia, have confirmed Ebola virus infection. These recent cases, together with the continued increase in the number of Ebola cases in West Africa, underscore the potential for travel-associated spread of the disease and the risks of EVD to healthcare workers. While the possibility of infected persons entering the U.S. remains low, the Centers for Disease Control and Prevention (CDC) advises that healthcare providers in the U.S. should consider EVD in the differential diagnosis of febrile illness, with compatible symptoms, in any person with recent (within 21 days) travel history in the affected countries and consider isolation of those patients meeting these criteria, pending diagnostic testing.

- The CSWC reached out to the California Department of Public Health (CDPH) who advised This is a standard HAN alert sent from the CDC for awareness across Health Departments in the US.
- CDPH received this alert late Monday and distributed it to a wide audience today via CAHAN.

The complete CDC Health Advisory can be seen [Here](#)

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA:

For the next few days monsoon moisture will stream north across California. Daily thunderstorms are expected, mainly over the higher terrain in the usual northern and eastern areas. Most storms should have some moisture with them, but some may be relatively dry. Beginning Thursday, the number of thunderstorms is likely to be quite a bit lower and mostly in the north or near the Nevada border. Over the weekend, a weak low pressure trough will move into the region with cooler temperatures and a continued chance of isolated daily afternoon and evening thunderstorms mainly over the northern areas. A slight chance of daily thunderstorms will persist in those same areas Monday through the middle of next week but are likely to be fewer in number. The marine layer near the coast will persist. Areas of morning fog and low clouds and even some light drizzle can be expected there for the next few days at least. Conditions may evolve more toward just low clouds over the weekend, however. A Delta breeze will be in place for at least the next few afternoons which will bring cooler temperatures to some of the southern interior areas of northern California. Otherwise, afternoon highs will be near to a bit above normal with 100-105 in the warmest inland valleys.

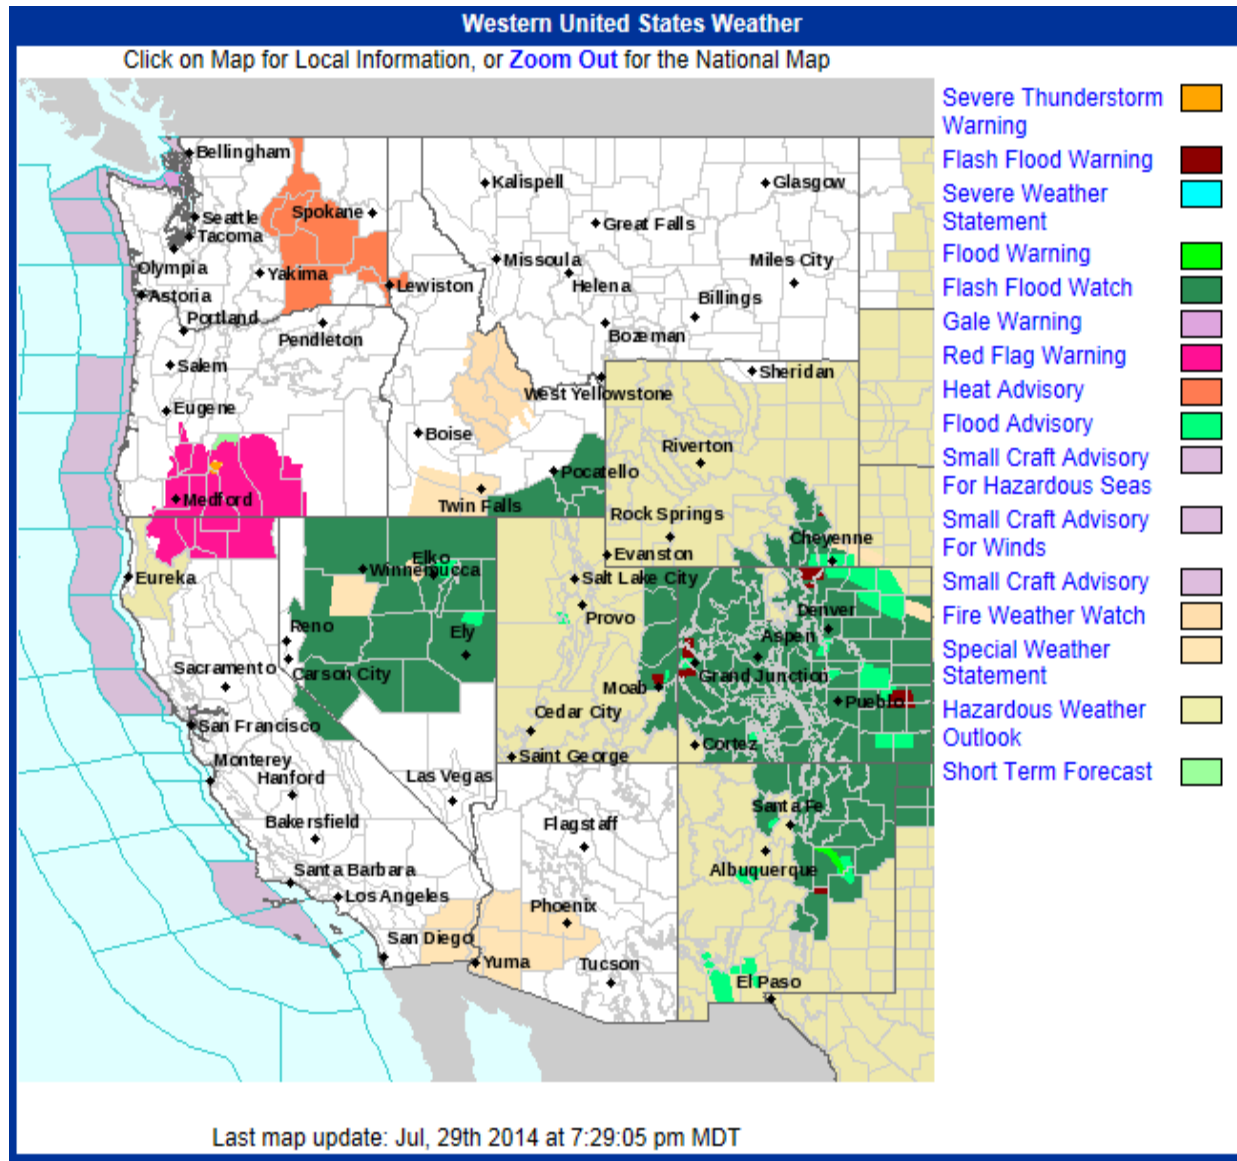

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Yesterday, a significant upper level disturbance triggered over 3,500 lightning strikes across the geographic area. A few areas in the Sierra's received a quarter of an inch of rain, but most regions saw only a few hundredths of an inch of rain from the storms. Today, drier air will begin to filter into the area, which will result in fewer thunderstorms today and throughout the rest of the week. Scattered wet storms will still be possible in the Sierra's with isolated storm coverage near the mountains of southern California. Storm movement will generally be to the northeast which will keep storms from moving into the valleys and foothills. Temperatures will continue to run about 5 degrees above normal with highs in the 90s in the valleys to 110 in the low desert, but there will be a noticeable drop in relative humidity in southern California today which will make afternoon temperatures feel more comfortable. Wednesday, a thick deck of mid and high level clouds streaming into southern California may keep temperatures a couple of degrees cooler through the middle of the week. This weekend, a fresh surge of monsoonal moisture may return to the southern part of the state. This will likely result in numerous storms developing in the deserts and adjacent areas of the Cleveland and San Bernardino National Forests by Saturday. Winds will be light through the period.

FIRE ACTIVITY

Sand Incident, Vegetation Fire, Amador / El Dorado Counties (Update)

East of Hwy 49, Amador / El Dorado County Line, 5 miles north of Plymouth
Per CAL FIRE , Cal OES Duty Officers, and ICS-209 as of 07/29/14 at 1729 hours:
SRA

Fire Information:

- 4,240 acres, 85% contained
- Threatened Structures: 0 Single Residences, 0 Mixed Commercial / Residential
- Destroyed Structures: 19 Single Residences, 47 Other Minor Structures
- Threats to single family residences, commercial wineries and vineyards, local power infrastructure, and Hwy 49
- 49 Local Government Engines and 2 Water Tenders assigned
- CAL FIRE IMT 2 (Patterson) assumed command at 0900 hours on 7/27/2014.
- A Fire Management Assistance Grant (FMAG) was received and has been placed on hold.
- Total Personnel – 1313

FIRE ACTIVITY

Sand Incident, Vegetation Fire, Amador / El Dorado Counties Cont. (Update)

Emergency Management:

Evacuations/Shelters

Evacuations

- Per El Dorado County OES 53 Mandatory Evacuations near Painted Pony Road. This evacuation is necessary for public safety because PG&E is flying-in replacement power poles into the area. PG&E expects to complete its power pole delivery to the neighborhood sometime this evening at which time the evacuation order will be lifted.
- As of 1700 hours on 07/28/14, the evacuation orders for Sand Ridge Road and all roads connecting to Sand Ridge Road have been reduced to an evacuation warning with the exception of Freshwater Road, south of Vintage Trail. This portion of Freshwater Rd will remain under an Evacuation Order.
- The following areas remain under an Evacuation Order: Flat Creek Road, Brinkwood Road, Painted Pony Road, Higgins Road, Twin Rivers Road and all connecting roads.
- Lifted Evacuations: Outingdale area, residents east of Highway 16 (Mt. Aukum Road).

Shelters

- The Red Cross shelter at Ponderosa High School has closed as of 0900 and transitioned to a Client Case Work Center. They will be open today and tomorrow from 0900 to 1700 hours to provide services to the residents who lost their homes.
- Animal Shelter: El Dorado County Fair Grounds, 100 Fair Lane, Placerville is no longer accepting animals
- Stray and lost animals are being handled by Animal Control.
- Animal Shelter: Amador County Fair Grounds, 18621 Sherwood, St., Plymouth - The animal shelter closed at 1900 on 7/28/2014.

Inland Region Missions

- Mission number 2014-IREOC-4113 El Dorado county environmental health is requesting four air monitors. Four air monitors are on-scene within the surrounding fire area.

FIRE ACTIVITY

Sand Incident, Vegetation Fire, Amador / El Dorado Counties Cont. (Update)

Road Closures

- Painted Pony is the only road closure.

Utilities

- There are 14 residences without power in the Sand Ridge area. PG&E expects to complete its power pole delivery to the neighborhood sometime this evening.

Critical Infrastructure

- El Dorado Irrigation District (EID) has a small diversion dam and pump located on the middle fork of the Cosumnes River off of River Mist Lane and Outtingdale Road. This pump is utilized to pump water out of the River to a water treatment plant. The treated water is then pumped to two storage tanks totaling 150,000 gallons. The storage tanks provide water to 191 connections in the Outtingdale area. EID is estimating the replacement cost of this infrastructure at \$2.5 million and currently preparing an emergency plan in the event that the fire damages any of their pumping infrastructure or if there is an extended power outage.
- Two public safety radio towers are threatened by the fire and an initial estimated replacement cost of this infrastructure is \$650,000.

Health/Medical

- The California Department of Public Health (CDPH), Division of Licensing and Certification (L&C) advises there are currently no licensed health care facilities affected by the fire and will continue to monitor the incident for impacts.
- CDPH continues to monitor the incident for impacts.

Air Quality

- There are no Air Quality Alerts in effect due to the fire.
- The Air Quality Forecast indicates the “Unhealthy for Sensitive Groups” designation will continue through Tuesday, 7/29.
- Click on Current Conditions to view the latest hourly readings at the Sacramento region's monitoring sites. <http://www.sparetheair.com/aqmaps.cfm>

FIRE ACTIVITY

Sand Incident, Vegetation Fire, Amador / El Dorado Counties Cont. (Update)

EOC Activations

- The El Dorado County EOC deactivated at 1700 hours and has transitioned into Recovery operations.
- Inland REOC returned to Level 1 at 1700 hours today 07/29/14.
- SOC is activated at Level 1

Deployments

- One (1) Cal OES Fire Assistant Chief is assigned to the incident.
- Two Public Safety Communications Radio Technicians have been assigned to the incident.
- A Cal OES Inland Emergency Services Coordinator was deployed to the El Dorado County EOC from 0700-1700hrs today.

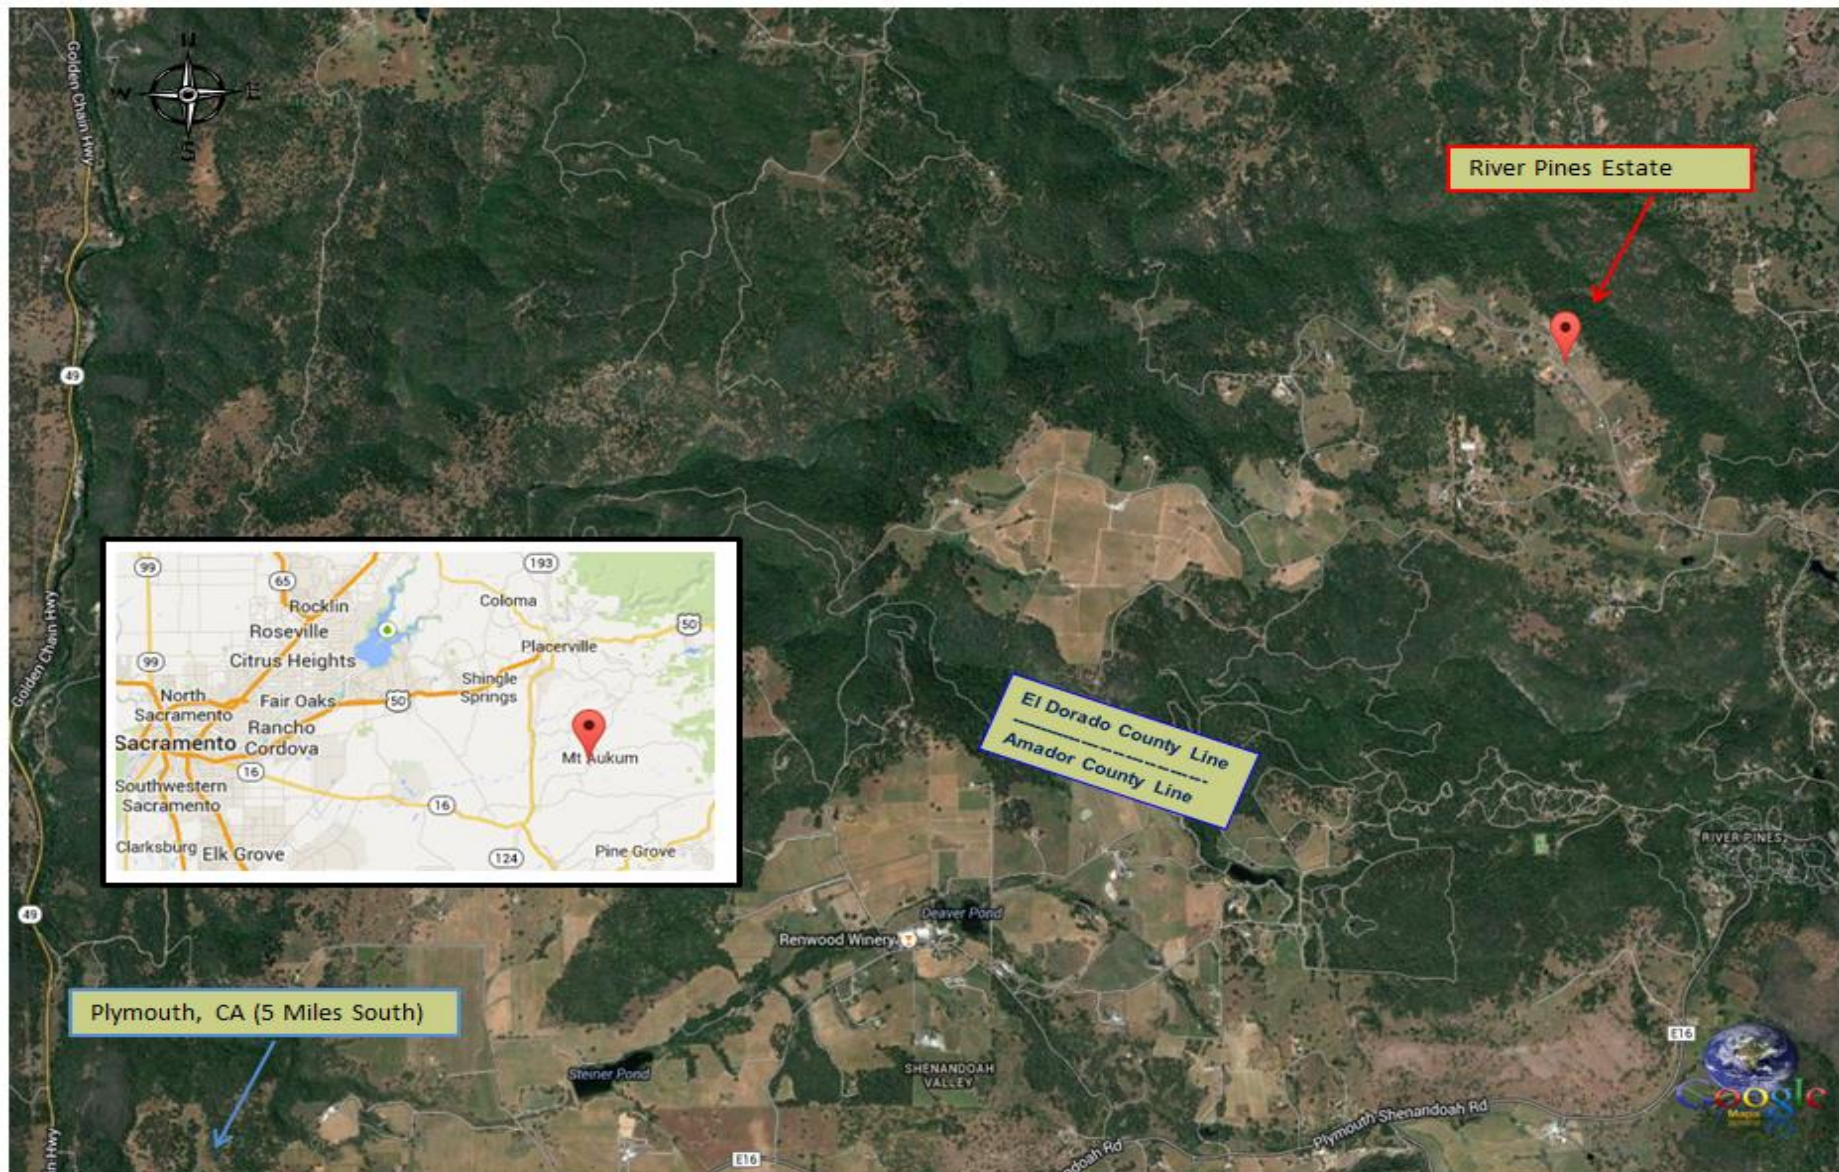

Mission Tasking

- Mission number 2014-IREOC-4113 has been assigned for El Dorado County Environmental Health requesting three air monitors at the following locations: Diamond Springs Fire Station, El Dorado Fire District, Pioneer Fire Station and Latrobe Fire Protection District.
- The air monitors are on-scene.

Recovery

- El Dorado County Building Department inspectors are now working with the Cal Fire Damage Assessment team to start damage assessments.
- The El Dorado County Ag Commissioner will be assessing damage to wineries and vineyards this week.
- El Dorado County sent their environmental assessment teams out to the fire area today to determine if there are any hazardous material issues.
- Cal OES Inland Emergency Services Coordinators will assist El Dorado and Amador Counties with their Initial Damage Estimates this week

FIRE ACTIVITY

El Portal Incident, Vegetation Fire, Mariposa County (Update)

Near Highway 140 and the Community of El Portal, Yosemite National Park
Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 07/29/14 at 1745 hours:
FRA

Fire Information:

- 3,545 acres, 34% contained
- Threatened Structures: 50 Single Residences, 4 Nonresidential Commercial Property, 30 Other Minor Structures
- Destroyed Structures: 1 Single Residence
- Damaged Structures: 2 Single Residence
- TYPE 1 IMT assigned
- Commitment of CAL FIRE Ground and Air Resources
- Total Personnel – 864

Emergency Management:

Evacuations/Shelters

- El Portal Fire Re-Entry will begin at 0900 hours on 07/29/14 for the residences of Old El Portal. Residents will need to check in at the Community Hall prior to returning to their homes.
- Residences in the Foresta area are still under an active evacuation order.
- Per Mariposa County Sheriff's Office, 87 residences and 1 business under Mandatory Evacuation Orders.
- Crane Flat Campground has been evacuated
- The American Red Cross (ARC) has opened a new resource center located at the New Life Christian Church, 5089 Cole Road in Mariposa.

Deployments

- One (1) Cal OES Fire Assistant Chief is assigned to the incident.

FIRE ACTIVITY

El Portal Incident, Vegetation Fire, Mariposa County Cont. (Update)

Mission Tasking

- Mission number 2014-IREOC-4143 has been assigned for Mariposa County Environmental Health requesting four monitors.

Utilities

- PG&E Outage Map, last updated 1720 hours on 07/29/14, reports 0 customers in the area are without power.

Road Closures

- Foresta Rd at Hwy 140 will open to residents only as of 0900 hours on 07/29/14
- Crane Creek at Hwy 140 will open to residents only as of 0900 hours on 07/29/14
- Hwy 120 "Big Oak Flat" Rd is closed from Crane Flat to Hwy 140

OF EMERGENCY SERVICES

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- On 7/15/14 the State Water Resources Control Board passed a new emergency regulation to reduce out door urban water use. The regulation makes an exception for health and safety circumstances. Local agencies can ask courts to fine water users up to \$500.00 a day and the SWRCB can fine water agencies up to \$10,000.00 per day. The adopted regulations are expected to go into effect by August 1, 2014 and remain in effect for 270 days.

http://www.waterboards.ca.gov/publications_forms/publications/factsheets/docs/emergregsurban_fs072214.pdf

- Current Reservoir Levels continue to decline. As of July 28, the levels are: Don Pedro 45%; Exchequer 22%; Folsom Lake 43%; Lake Oroville 37%; Millerton Lake 54%; New Melones 27%; Pine Flat 18%; San Luis 24%; Lake Shasta 36%; and Trinity Lake 37%.

Situational Summary

- Drought Top Environmental Concern of Californians, PPIC Report Finds: [A newly released survey by the Public Policy Institute of California \(PPIC\) reveals that drought and wildfires are at the top of the list of public worries about the impacts of global warming. The survey also found that 75% of respondents believe public water agencies should require residents to reduce water use.](#)

- Save our Water. Find easy tips both [indoors](#) and [outdoors](#) and start saving water every day. Tour the California Urban Water Conservation Council's interactive [H2ouse](#) to learn more ways to save water indoors and outdoors! <http://www.saveourh2o.org/tips> In early August 2014, the Save Our Water campaign will launch a new microsite and additional drought-specific PSAs in Spanish.
- The 2014 Governor Drought Task Force continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- Cal OES continues to gather drought-related costs from state agencies and local governments.
- The DWR has released a list of unmonitored high and medium priority groundwater basins. As outlined in California's Water Code, some counties and groundwater management agencies in unmonitored basins may be ineligible for water grants and loans administered by the state.

CAL OES MISSIONS

New Cal OES Missions

- **2014-IREOC-4143** has been assigned for Mariposa County Environmental Health requesting four monitors.

Ongoing Cal OES Missions

- **2014-LAW-4100**, The CNG 95th CST to provide Chemical, biological, radiological and nuclear defense (CBRN) detection/monitoring for the opening event (an MLS game) at the new Levi Stadium in Santa Clara on 8/2.
- **2014-LAW-3978**, 7/23/14 - Mission Re-opened - The San Bernardino County Sheriff's Department (SBSD) requested Law Enforcement (LE) dive team mutual aid resources to assist in the search for human remains as part of an active, ongoing homicide investigation. The Riverside County Sheriff Office (RCSO) accepted the mission and will assist searching several undisclosed bodies of water on Saturday and Sunday, 7/26 – 7/27.
- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway 8/22 – 8/24. They will assist with advanced planning and be pre-positioned prior to the start of the event.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
